Maintenance Technician: €35-€38K

Description

My client is a highly reputable international solution provider with hundreds of employees worldwide. Focused on Nutritional, Packaging, Pharmaceutical, Animal Health, Biotechnology, Chemical, Food and Confectionery.

We are currently recruiting for a highly self motivated Maintenance Technician position based in Bazainville, France. You are either a local or within 40 minutes to 1 hour drive away from Bazainville, France and can show case experience as a a maintenance technician.

Pharmakia and or its client does not offer any visa switch and or visa sponsorship for this role. You must be either a French citizen and or do not require any work visa related legal assistance.

3 to 5 years of experience is required in a similar role as well as educational background.

Key focus:

- Monitor the operation of production machines to detect any abnormalities or malfunctions.
Make adjustments to machines according to documented specifications.
Perform preventive maintenance tasks as outlined in the maintenance schedule.
Maintain the workshop in a tidy and organized manner following internal principles
Ensure tools and workshop equipment are clean and functioning properly.
Wear appropriate personal protective equipment (PPE) for all job tasks.
Interpret blueprints, drawings, schematics, and wiring diagrams to understand system functions.
Generate reports, complete work orders, and record hours spent on each job.
Utilize standard office software for communication and preparation of work instructions.

All employees are offered & much more:

- All employees are eligible to participate in our company-wide bonus program
- Employees have the choice between three medical plans
- 100% company-paid Dental Insurance for all employees and their qualifying dependents
- Optional Vision Coverage
- Parental Leave
- Paid Time Off
- Paid Holidays
